**Date:** Wed, 19 Jun 2007  
**From:** Wi-Fi@HisKids.net

In an ongoing effort to minister to the entire family, the menu of your Wi-Fi Family Radio has been updated with several new programs especially for parents.

In addition to *Back to God Hour*, *FamilyLife Today*, *Insight for Living* and *Mission Network News*, you can now also tune in to ...

- *Grace to You* - John MacArthur
- *Precepts For Life* - Kay Arthur
- *Renewing Your Mind* - R. C. Sproul
- *Revive Our Hearts* - Nancy Leigh DeMoss
- *Truth for Life* - Alistair Begg

If your Wi-Fi Family Radio has been in regular use, these new programs should automatically appear in your menu. For easy access, choose **Select --> Stations --> Parents --> On-Demand List** and scroll through the updated list.

Please remember that you can also add up to five channels in your own Personal Menu. For more information, read <http://www.hiskids.net/docs/WIR-206PersonalMenuMemo.pdf>

If you've given the Wi-Fi Family Radio as a gift, please forward this message to the listening family or contact me to change the email address on your account. You may also call our office for technical help during regular business hours.

Happy summer-time listening!

For HIS Kids,

P.S. You should be operating with the latest firmware to take full advantage of these enhanced menu features. Check for a free upgrade by choosing **Select --> Configure --> Upgrade Firmware** on your Wi-Fi Family Radio.
